THE FAMILY

of

PETER TEICHROEW, born - April 21, 1832; died - December 6, 1915

Married - November 26, 1857 to

ANNA NEUFELD, born - May 14, 1838; died - February 11, 1899

PETER TEICHROEW was born in Fuerstenau, a small village in South Russia near Odessa in the valley of the Dnieper River, one of several villages populated by a group of Mennonites, settled there in 1778 at the invitation of Catherine the Great who had seen what they had accomplished with poor soil pumped out of the ocean in Holland and wanted the same results for her subjects.

Catherine granted concessions, such as lighter taxes and exemption from military duty, in return for which the Mennonites were to hire the native Russians, this spreading their ideas and (know-how) as far as possible.

At the death of Catherine the Great, the succeeding rulers took away her concessions, one after another, until in 1878 many members of the colony left Russia and came to America. Some of the group settled in Manitoba, Canada; some in Cottonwood and Watonwan Counties in Minnesota; still others in South Dakota and Kansas.

PETER TEICHROEW was of the group that came to Minnesota and he established his family on a farm about 4 miles north and east of Mountain Lake in Cottonwood County.

We have very little information concerning our Grandmother, ANNA NEUFELD TEICHROEW, except that she was the sister of Elder Gerhard Neufeld of the First Mennonite Church of Mountain Lake.

Our knowledge of the ancestry of our Grandfather is also very sketchy and it is probably impossible to get any further information because, very likely all records have been destroyed and the land on which the original villages stood has been communized.

In order to help compile this record we are using a simple code as follows: Grandfather and Grandmother are the total of the first generation and for that reason will need no code designation; then,

| | | | | | | | |
|---------|-----|-----|------|-----|------|-------|-----------------|
| Roman | I. | II. | III. | IV. | etc. | ----- | 2nd Generation. |
| Arabic | 1. | 2. | 3. | 4. | etc. | ----- | 3rd Generation. |
| Capital | A. | B. | C. | D. | etc. | ----- | 4th Generation. |
| Small | a. | b. | c. | d. | etc. | ----- | 5th Generation. |
| Arabic | (1) | (2) | (3) | (4) | etc. | ----- | 6th Generation. |

The husband or wife of each blood relative will be given the designation of that relative plus the symbol (*), for example, the husband of Grandfather's 4th child, IV, would be designated IV*. Using this code it will be possible to give each member a designation which will fit him or her only.

Names or dates which were not included in the first book and corrections will be underlined. It is probable that we have made errors in spelling and in the dates. To help each owner make corrections and future additions only one side of the paper has been used.
